We use only natural palm and soy wax to make candles, which is obtained from renewable sources. Due to production technology and palm wax properties, the surface of candles is covered with a beautiful crystalline texture. Each produced candle has its own unique texture. The burning time of palm and soy wax candles is several times longer than the burning time of candles made of paraffin. That gives you an exclusive opportunity to enjoy the warmth and beauty of candles much longer.

All Candle Family products are packaged in recycled paper packaging. Recycled paper sheets are also used to secure the goods in the packaging.

All packaging can be recycled and we urge our customers to sort the packaging waste.

Scented candles and scents are made using aromatic and essential oils.

Scented oils are produced in USA and EU maintaining the highest production standards, quality and safety requirements.

## Scented soya wax bars

You basically break off one or more cubes and place them on a wax burner. Then pop an unscented tea-light underneath to start melting the wax and let the magic happen!

## Indoor scented candles

Scented candles create a soothing atmosphere and help boost your mood, while also calming your mind and relieving stress.

## Karthigai Candles

Glow: Illuminate your celebrations with our Karthigai Deepam Candles, crafted from high-quality paraffin wax to provide a warm and vibrant glow.

It is believed to ward off evil forces, and usher in prosperity and joy and people light clay lamps on this day and pray for the wealth of their family.
